Rooted /

Bridging the Access Gap /

We target the **U.S. Department of Housing and Urban Development** as a proof-of-concept for optimizing natural language support.

Even though the resources are free, navigating the bureaucratic maze of government systems **leaves the most vulnerable uninformed.**

Rooted transforms official Housing and Urban Development data into accessible, human-centric guidance.

- Navigating Housing Choice Vouchers
- Understanding renters & buyers' rights
- Veteran and Unhoused Support

Pipeline /

Ingestion

Break plaintext HTML and PDF into chunks.

Vector Store

Embed chunks for high-dimensional semantic search.

RAG Logic

Enhance LLM Context with semantic matches
